

## **Bruce Power staff categories explained**

- 1.1.1 **Category A Staff:** Those staff whose presence on site is required to meet Bruce A and Bruce B licensed operational requirements and to support safe operation of the site per applicable Provincial and Federal Regulatory requirements. Power Marketing Duty Shift Trader is included in this definition. Temporary additions of Line functions and applicable staff to Category A designation require Vice President, Bruce A or Vice President, Bruce B or Vice President Site Services approval as applicable.
- 1.1.2 **Category B Staff:** Those staff whose presence on site is required to support Bruce Power's business operations priority activities and who are unable to complete required tasks from an offsite location. Staff permanently designated as Category B includes STU.
- Temporary additions of Line staff to the Category B designation to conduct outage critical path activities require Vice President, Outage & Maintenance Services, or Vice President, Bruce A or Vice President, Bruce B approval.
- 1.1.3 **Category C Staff:** Those staff not deemed by Line Management to meet the definition for Category A and B. This includes visitors.
